

REGION D RHSOC MEETING
Wednesday, July 19, 2023
9:00 A.M.
Library Station, 2535 N Kansas Exp, Springfield

MEETING MINUTES

Attendees:

RHSOC Members:	Guests:
David Pennington, Chair	Lori Sneed, Dade County Emergency Services 911
Charla Geller, Emergency Management	Tom Martin, Stone County EMA
Austin Arnold, Emergency Management	Larry Woods, Spfd-Greene County OEM
Melissa Duckworth, Emergency Management	Kristin Kayser, OHS
Eric Schmitt, Police	Phyllis Maggard, Stone County Health Dept
William Davis, Police	Cheryl Mitchel, Christian County OEM
Randy Foster, Sheriff	Chris Gaut, SEMA Region D
Lynn Hollandworth, Fire	Adrienne Jenkins, Springfield City Utilities
Jim Furgerson, Fire	Jimmy Stewart, Missouri State University
Jessica Wagner, County Health	Darren White, Greene County OEM
Eric Latimer, HSRRS	JR Webb, Spfd-Greene County 911
David Brock, City/County Public Works	Aubrey Johnson, Spfd-Greene County OEM
Hank Smythe, County Commission	Phil Amtower, Christian County OEM
Tim Selvey, County Commission	Wendell Hall, MO DNR
Brent Watkins, LEPC	Kenneth Norris, Spfd-Greene County OEM
Shea Lane, LEPC	Roger Strope, MO Interoperability Center
Billy Hunt, Utilities	Carl Harris, MO DNR
Tom Koch, Utilities	Kyle Moor, Central Crossing FPD
Mike Lawton, 911	Rusty Rickard, Central Crossing FPD
Julie Stolting, Volunteer Groups	Christopher Roush, Springfield Fire
John Wall, Volunteer Groups	Grant Selvey, Lawrence County EMA
Dennis Martin, Hospitals	Rick Davis, Polk County OEM
Shannon McMurtrey, Cybersecurity	Ron Bailey, City of Springfield
Neil Slagle, Cybersecurity	Russ Douglas, Webster County EMA
SMCOG Staff:	
Thomas Cunningham	
Krissy Dickens	
Jason Ray	
Courtney Pinkham-Martin	
Michael Kohler	

Open Meeting

Opening Comments/Pledge of Allegiance

David Pennington started the meeting at 9:08 am with the pledge of allegiance.

Roll Call/Introductions

Attendees took turns introducing themselves.

Approval of Consent Agenda

Fire motioned to approve the agenda and meeting minutes. LEPC seconded the motion. It passed unanimously.

Committee Reports

Exercise/Training Report

Melissa announced that she will be leaving Taney County EMA on July 31st and will no longer serve as the lead for this committee. David Pennington thanked her for her service and all of the help she has provided to the RHSOC over the years.

TICP/WebEOC Working Groups

No report submitted.

Strategic Plan Working Group

No report submitted.

Old Business

SHSP Procurement Updates

Thomas Cunningham provided purchasing updates for FY21 and FY22.

Springfield Fire received funding in FY22 to purchase a bomb squad robot. However, this robot is no longer purchasable. The funds from this project will be reallocated to a Springfield Fire Structure Collapse project to purchase an HSRRS response vehicle. This Structure Collapse project was originally approved for FY22 funding by our region, but Springfield Fire agreed to withdraw any immediate funding requests in order to fully fund other projects. This is the normal process we follow where we transfer savings from one project to another in need.

Finally, Thomas reminded the RHSOC that SMCOG contractually “split” with MSU, so we will no longer be pre-purchasing equipment. Grant recipients must go through their normal purchasing process. SMCOG recommends you send the details of your purchases to SMCOG first just so we can make sure that it will be approved. If you purchase something that is not approved, you will not be reimbursed for it.

Inventory Disbursement Requests

Jasper County Sheriff intends to release their Comm Vehicle that was purchased with RHSOC funds. A notification was sent to all RHSOC contacts that any organizations within our region are eligible to apply for the vehicle. We received three applications – Central Crossing Fire Protection District, Springfield Fire, and Stone County. David Pennington recused himself from this discussion to avoid any conflicts of interest. Thomas Cunningham led the discussion. The RHSOC reviewed the three proposals and discussed the merits of each, including how it will be used, location of the vehicle within the region (Greene County EMA also has a comm vehicle kept in Springfield), and how it will be loaned to regional organizations if the need arises. 911 (Mike Lawton) motioned to vote for Stone County to be awarded the vehicle. County Commission (Tim Selvey) seconded the motion. The motion passed with 11 yes, 2 no, and 1 abstain. Thomas will work with Stone County and Jasper County to finalize the details of the transfer.

New Business

FY23 Project Review

A discussion was held regarding all FY23 project applications. Region D received \$1,300,3889.42 in applications, but our award amount was \$472,601.11, so cuts had to be made. We reviewed each application (starting with the highest scored) and noted if it was a “sustain” or “build” project, what equipment or training was requested, how much the total request was, how well it lined up with regional goals, and if the project should be approved for full, partial, or no funding. Once we discussed each project in detail, individual votes were held to determine funding approval. The following table provides details on the approved projects. It was decided that savings from any projects would be shifted to other approved projects.

Applicant	Project Title	Sustain or Build	Requested Items	Approved?	Requested Funds	Approved Funds	Approval Notes
Christian County EMA	MO CERT1	Sustain	CERT Training Supplies	Y	\$11,288.00	\$11,288.00	Awarded full funding
Springfield Fire	Springfield Fire Department Bomb Squad Robot Sustainment	Sustain	Bomb Robot	Y	\$301,426.00	\$301,426.00	Awarded full funding
Greene County EMA	FY23 - Region D - Communications Vehicle Project Greene County	Sustain	AC Wireless Mesh Network w/ Cameras; Computers, Printer, Conference Camera, Subscriber Fees	Y	\$26,920.58	\$26,920.58	Awarded full funding
Greene County EMA	FY23 - Region D - WebEOC Project Greene County	Sustain	WebEOC Training/Conference travel; Subscription renewals	Y	\$34,450.00	\$34,450.00	Awarded full funding
Greene County Sheriff	Region D Mobile Command Vehicle Sustainment and Equipment Replacement	Sustain	Subscriber Services; Mobile Radios; Laptop; Repeater; Radio Function Update	Y, partial funding	\$101,651.02	\$10,996.00	Awarded partial funding to cover 2 laptops and subscriber service
Taney County EMA	FY22- HSRRS Sustainment-Taney Co-Sheriff	Sustain	Ballistic blanket	Y	\$39,954.20	\$39,954.20	Awarded full funding
Christian County EMA	Elliott ID System Sustainment	Sustain	Badging subscription - Elliott 2 years	Y	\$15,184.00	\$15,184.00	Awarded full funding
Greene County Sheriff	Region D Hazardous Material Detection Device Support and Training	Sustain	908 spectrometer operator training & warranty	Y	\$10,800.00	\$10,800.00	Awarded full funding
Branson Fire	Sustainment Funding for Mission Capable Equipment	Sustain	2 Air Monitors; 6 Portable Radios	Y	\$36,900.00	\$21,582.33	Approved for full funding, but only partially awarded for now because we ran out of funds. Will receive any potential savings from other projects
Branson Police	Procurement of Barriers for Soft Targets and Crowds	Build	32 Portable barriers w/ case	Y, partial	\$53,164.16	\$0.00	Approved for partial funding. Will receive savings any potential savings from other projects. Also being submitted to LETPA

Western Taney County FPD	Taney County HSRRS-Command/Research Vehicle Sustainment	Sustain	Command Vehicle w/ 3 Mobiles and Repeater	N, withdrawn by agency	\$158,000.00	\$0.00	No funding, withdrawn by agency
Branson Police	Procurement of Lenco Bearcat multipurpose Response and Rescue Vehicle	Build	Bearcat	N	\$319,497.00	\$0.00	No funding, not a priority
Webb City Police	SHSP Regionalization equipment (MDTs)	Build	MDTs (27) & Mounts	N	\$148,264.46	\$0.00	No funding, not a priority and should be covered by department's budget
Webb City Police	SHSP Regionalization equipment (LPRs)	Build	LPRs (2) vehicle mounted	N	\$42,890.00	\$0.00	No funding, not a priority and should be covered by department's budget
Total					\$1,300,389.42	\$472,601.11	

Federal/State/Regional Partners Updates

OHS/HSGP

This report was included in the packet sent out before the meeting.

Interoperable Communications

This report was included in the packet sent out before the meeting.

Cybersecurity

This report was included in the packet sent out before the meeting.

DHSS

Leslie had no updates.

DNR

Wendell had no updates.

Agriculture

This report was included in the packet sent out before the meeting.

Mutual Aid

This report was included in the packet sent out before the meeting.

Incident Support Team

Ben had no updates.

Disciplinary Group Reports

Volunteer Groups

Greene and Christian County CERT teams have been active this year. Greene County CERT has the fair coming up and the Route 66 event right after. Red Cross is always on the lookout for volunteers.

Other Business/Open Discussion

Missouri Emergency Management Conference. August 22-25. Columbia MO. Late registration price is \$380.

Missouri Floodplain and Stormwater Managers Association (MFSMA) conference. August 30-Sept 1. Lake of the Ozarks. \$200 (member) \$300 (non-member)

Insurance for radios - This was something that came up during an HS Planners meeting. The regular insurance coverage for vehicles doesn't always cover the expensive radios purchased with RHSOC funds. If you have any of these radios, it might be worth it to reach out to your insurance provider to see if yours are covered.

Next Meeting Date

The next meeting will be held on October 18, 2023. This is tentatively set as an online meeting now.

Adjourn

SEMA Quarterly Regional Meeting Missouri Department of Agriculture Update

Foreign Animal Disease (FAD) Preparedness and Response: African Swine Fever virus, Foot & Mouth Disease virus and High Pathogenic Avian Influenza virus are three major viruses circulating in the world that could devastate the Missouri poultry and livestock industries. MDA is continuing to work with stakeholders to develop biosecurity plans, premises registrations and Secure Food Supply plans (Secure Beef, Secure Pork, Secure Poultry, Secure Milk, and Secure Sheep and Wool) that will help keep continuity of business in the event of a disease outbreak. MDA staff members are participating in national and regional FAD exercises, allowing existing emergency plans to be updated to meet current policies and protocols.

High Pathogenic Avian Influenza (HPAI) in Missouri 2022-2023 Updates:

Spring 2022 HPAI was detected in 6 commercial poultry farms and 3 Backyard Flocks (BYF) non-poultry with mixed species of poultry and waterfowl. All 9 of these premises have completed virus elimination and have been released from quarantine.

Fall 2022 HPAI was detected in 2 commercial poultry farms, 5 Backyard Flocks (BYF) non-poultry with mixed species of poultry and waterfowl and 1 BYF poultry with egg laying chickens. The 2 commercial and 1 BYF non poultry have completed virus elimination and have been released from quarantine. The remaining 4 BYF's non poultry and 1 BYF poultry are finishing their 120 day fallow period (virus elimination) and are scheduled to be released from quarantine in March and April 2023.

Winter 2023 HPAI was detected in 3 BYF's non-poultry with poultry or mixed species of poultry and waterfowl. These 3 BYF's are following a 120 day fallow period (virus elimination) and are scheduled to be released from quarantine in May, June and July 2023.

Spring 2023 HPAI was detected in 3 BYF's non-poultry with poultry or mixed species of poultry and waterfowl. This BYF is following a 120 day fallow period and is scheduled to be released from quarantine in mid-September 2023.

BYF non-poultry = no poultry or poultry products (eggs) were sold off the farm. No Control Area is required.

BYF poultry = poultry or poultry products (eggs) were sold off the farm. A Control Area is established requiring permitted movement in and out of the Control Area.

These infections of HPAI resulted in the death or depopulation of 449,426 commercial poultry and 10,158 backyard poultry and domestic waterfowl in Missouri. International trade was

impacted for more than six months in 2022 due to HPAI detections in commercial poultry resulting in some countries banning poultry products from Missouri.

For more information on HPAI in Missouri go to agriculture.mo.gov/avian-influenza.

African Swine Fever (ASF) was detected for the first time in more than 40 years in the western hemisphere. ASF was confirmed in the Dominican Republic (DR) on July 28, 2021 in several backyard swine herds and on Sept. 20, 2021 in Haiti in several backyard swine herds. USDA APHIS continues to have increased measures to keep ASF out of the US Territories (Puerto Rico (PR) & US Virgin Islands, along with the Continental United States. These measures include: Enhanced Surveillance Programs, Euthanizing Feral Swine, Inspection of vessels and landing locations including illegal boat landings (majority of landings in PR are from DR), Inspections of Garbage Feeders, Beagle Brigade-The Custom & Border Protection performing inspections of passengers and luggage arriving from ASF positive countries, and Awareness Programs, Outreach, & Education.

Drought 2023: Currently, more than 93% of Missouri is experiencing some level of drought, with 15% of the state experiencing extreme drought. MDA continues to work with other Missouri State agencies, federal agencies, grain associations and livestock associations to monitor and mitigate drought conditions throughout Missouri. MDA is recommending land owners use the Condition Monitoring Observer Reports (CMOR) system to report drought related conditions and impacts of their property along with pictures to the National Drought Mitigation Center, based at the University of Nebraska-Lincoln at <https://bit.ly/3aKBem>. For more details about drought intensities visit U.S. Drought Monitor – Missouri or MO DNR Drought website at <https://bit.ly/3uWu5Gc>.

Highly Pathogenic Avian Influenza (HPAI)

Detections in the United States (figures as of 06/27/2023)

- 47 Affected States
 - 0 states have had at least one confirmed flock in the last 30 days.
- 836 Confirmed Premises
 - 325 Commercial Flocks
 - 511 Backyard Flocks
- 58.79 million birds affected.
 - Iowa has had the most birds affected.
 - Minnesota leads with the number of flocks affected.
 - Missouri had the last confirmed positive on 5/18/23. It was a backyard non-poultry premises.
- Avian Influenza Website:
<https://www.aphis.usda.gov/aphis/ourfocus/animalhealth/animal-disease-information/avian/avian-influenza/ai>

African Swine Fever (ASF) in Caribbeans

- Dominican Republic (DR) and Haiti – Confirmed positive in 2021
- United States continues to have increased measures to keep ASF out of the US Territories (Puerto Rico (PR) & US Virgin Islands, along with the Continental United States
 - Enhanced Surveillance Programs
 - Euthanizing Feral Swine
 - Inspection of vessels & landing location including illegal boat landings
 - Majority of landings in PR are from DR
 - Inspections of Garbage Feeders
 - Beagle Brigade-The Customs & Border Protection (CBP)
 - Awareness programs, outreach, & education
 - Biocontainment in the DR and Haiti
 - Laboratory Diagnostics

USA should focus on these key areas for both HPAI and ASF

- Biosecurity
- Outreach
- Education

Do you or someone you know need to develop a biosecurity plan or register for a Premises Identification Number?

Regional Homeland
Security Oversight Committee
(RHSOC)

Quarterly Meeting Updates

DPS – OHS Planning, DPS Grants,
MIC, SEMA

2nd Quarter 2023

Missouri Office of Homeland Security

❑ **DPS Grant Updates**

- FY 2023 Homeland Security Grant Program (HSGP) award from Department of Homeland Security (DHS)/Federal Emergency Management Agency (FEMA) is anticipated to be received in August-September 2023 timeframe
- Agencies that are selected for funding in FY 2023 will be required to complete the Nationwide Cybersecurity Review (NCSR)
 - The NCSR typically opens in October with a deadline of December 31

Missouri Office of Homeland Security

❑ **DPS Grant Updates**

- **Current Funding Opportunities:**

- FY 2023 State Homeland Security Program (SHSP) Protection of Soft Targets/Crowded Places (PSTCP) funding opportunity is currently open and will close July 18, 2023 at 5:00 pm CST
 - Projects must align to PSTCP through mobile crowd control equipment
 - Award maximum of \$15,000
- FY 2023 State Homeland Security Program (SHSP) Counter Terrorism Officer (CTO) Equipment Grant funding opportunity is currently open and will close July 18, 2023 at 5:00 pm CST
 - Must have staff participating in the CTO program to be eligible
 - Award maximum of \$7,500

Missouri Office of Homeland Security

❑ **Planning Updates**

- Missouri Counter Terrorism Officer (CTO) Program:
 - Hosted three trainings:
 - MO DOR (Fraudulent Identification for LE) on April 11, 2023
 - Lt Col David Grossman (Bullet Proof Mind) on April 26, 2023
 - AWR-219 (Site Protection through Observational Techniques) May 17, 2023
 - Additional trainings:
 - Calibre Press – (Active Threat Incidents) on June 28-29, 2023
 - Railroad Police Operations on July 18, 2023
 - CPTED (Crime Prevention through Environmental Design) on August 7-11, 2023

Missouri Office of Homeland Security

❑ **Planning Updates**

- **Advanced Law Enforcement Rapid Response Training (ALERRT)**
 - **Level 1 Active Shooter Training Schedule**
 - July 6-7 – Mississippi County, MO
 - July 26-27 – Osage County, MO
 - August 3-4 – Harrisonville, MO
 - August 10-11 – Alton, MO
 - August 21-22 – Maryland Heights, MO
 - (Two other trainings planned, dates yet to be set)
 - Inquiries regarding the ALERRT Program can be directed to OHS or Cody Brewington at 417-836-8974

Missouri Office of Homeland Security

□ Planning Updates

- THIRA/SPR
 - Each year there is an option to update the SPR. If your jurisdiction wishes to update their regional SPR, the Whole Community Input Form (WCIF) will need to be updated and returned to Kevin Virgin at Kevin.Virgin@dps.mo.gov by COB 10/1/23.
 - WCIF's received after the due date will not be utilized to update the state SPR. There is no requirement to update the regional SPR.
- Law Enforcement Support Office (LESO)
 - Annual Inventory begins 7/5/23
 - Training for LESO POCs will occur: 7/5, 7/13, 7/20

Missouri Office of Homeland Security

□ Planning Updates

- **Critical Infrastructure** - The Missouri Office of Homeland Security staff has coordinated with the U.S. Department of Homeland Security (DHS) to perform security and resiliency assessments of critical sites throughout the state. Since September of 2022, nearly 4,000 critical infrastructure items have been validated for the Missouri Critical Infrastructure list. We are nearing completion of developing the DHS National Infrastructure Prioritization Plan submissions for 2023.
- Contact Aaron Begley at Aaron.Begley@dps.mo.gov for Critical Infrastructure Assessment Services.

Missouri Office of Homeland Security

- ❑ Planning Updates
 - **National Special Event Data Collection** – U.S. Department of Homeland Security RFI
 - This information is collected annually and contributes to Missouri's Relative Risk Score for grant funding and also helps bring federal resources to locals to assist with special events.
 - The 2024 NSEDC will include events that occur between December 1, 2023 and November 30, 2024
 - Regions can submit special events occurring in their area to MO OHS throughout the year via this survey link: <https://arcg.is/1biinn1>
 - The deadline for OHS to submit Missouri's special event collection to DHS is September 11, 2023.

Missouri Office of Homeland Security

- Planning Updates
- **Homeland Security Information Network (HSIN)** – The Missouri Office of Homeland Security constructed the Missouri Community of Interest (COI) with subsites for Critical Infrastructure, Cybersecurity and the Counter Terrorism Officer (CTO). It also includes sites for OHS Planning & Operations, Missouri THIRA & SPR, OHS Grant Program, Regionalization, Partner Resources and Information Sharing. To obtain access, contact Homeland Security Specialist Marisa Wise at marisa.wise@dps.mo.gov.

Missouri Office of Homeland Security

❑ **Cybersecurity Program Updates**

- ❑ Tabletop Exercises (TTX) for all sectors –

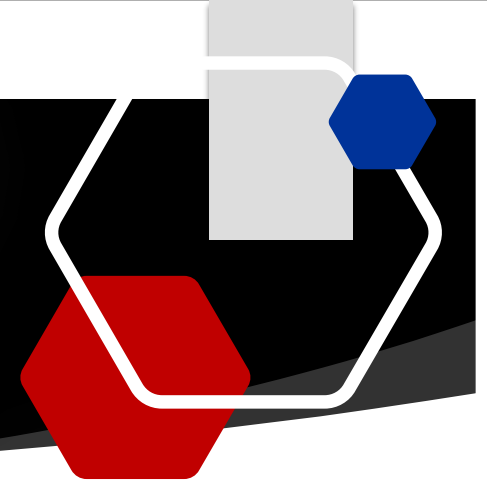

Below are 2023 Scheduled TTXs:

- ❑ **August 15 – Lincoln County**
- ❑ **August 16 – Jefferson City**
- ❑ **October 24 – Cameron**
- ❑ **October 25 – Warrensburg**
- ❑ **November 27 – Joplin (Tentative)**

To set up a **TTX** or an **Incident Response Plan Writing Workshop**, please contact:

MO DPS/OHS Cybersecurity Team
Email: Securityintel@mshp.dps.mo.gov
Phone: 573-301-2023

Missouri Office of Homeland Security

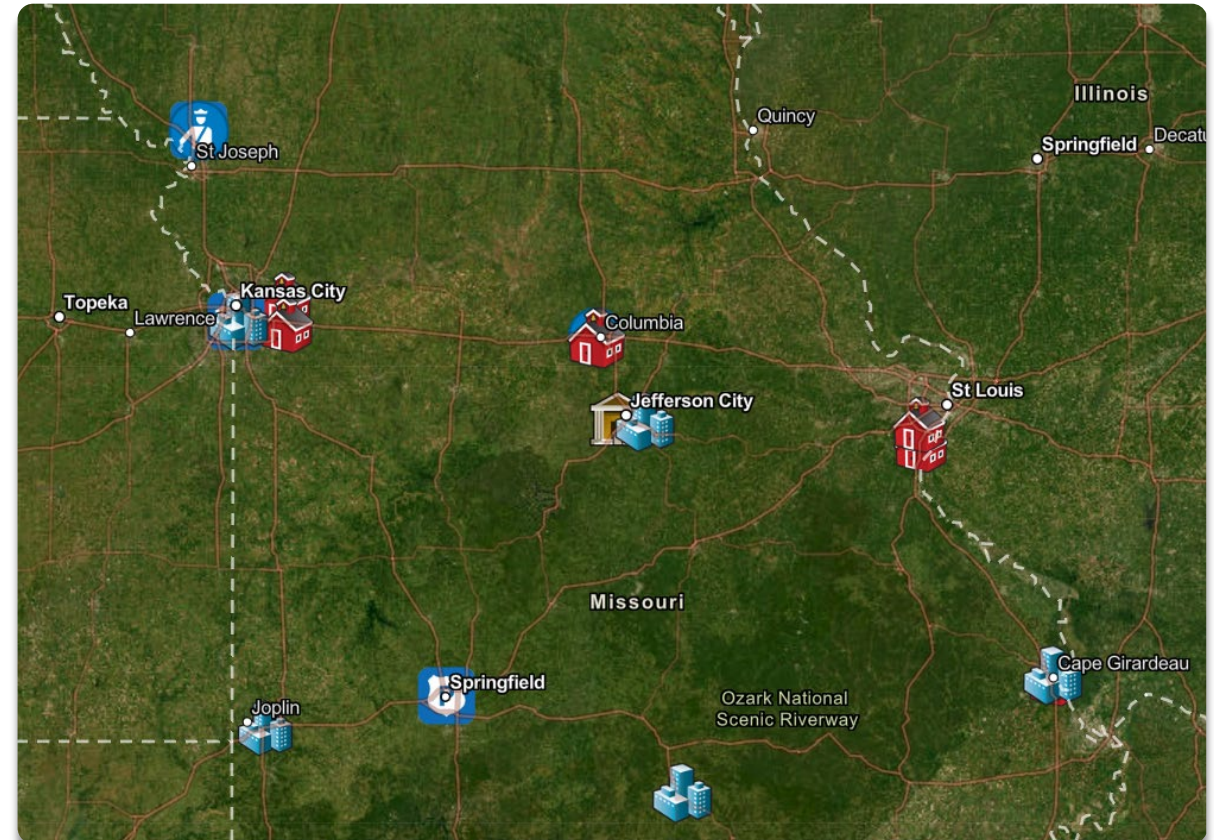

▶ Cybersecurity Program Updates

▶ Cybersecurity Distribution List

- ▶ As of June 28, 550 members, from 15 sectors.

▶ 2023 Statistics (as of May 31)

- ▶ DPS/OHS Cybersecurity Team disseminated 45 intelligence products
- ▶ DPS/OHS Cybersecurity Team assisted with 143 requests for information, including vulnerability notifications
- ▶ DPS/OHS Cybersecurity Team held 70 training and outreach sessions, including tabletop exercise and incident response report writing workshops.
 - ▶ DPS/OHS conducted 6 tabletop exercises with the Education, Higher Education, County, State, and Private Sectors. We include partners from FBI, USSS, CISA, STLFC, KCRFC and MOREnet

Missouri Office of Homeland Security

❑ **Cybersecurity Program Updates**

- ❑ DPS/OHS Cybersecurity Team & OA SOC were notified of 137 leaked credentials and plain text passwords were available in multiple data breaches. DPS-OHS Cybersecurity Team coordinated with OA SOC to notify consolidated and non-consolidated state agencies, as well as local agencies that were impacted on 01/04/23.
- ❑ DPS/OHS Cybersecurity Specialist hosted the annual ESF 14 functional exercise with CISA on 04/04/23, including an After-Action meeting from the CISA ESF #14 Exercise for feedback regarding the exercise that took place 04/11/23.
- ❑ DPS/OHS Cybersecurity Specialists assisted a school district with bomb threats, by researching indicators of compromise on 04/26/23 & 04/27/23.
- ❑ DPS/OHS Cybersecurity Specialist joined St. Louis Fusion Center for a Meeting with the Department of State and French Diplomats on creating a cybersecurity program on 05/12/23.
- ❑ DPS/OHS Cybersecurity Team identified and notified Missouri entities that were susceptible to the VMWare, 3CX, and MOVEit vulnerabilities and more.

Missouri Statewide Interoperability Network

❑ **MOSWIN Updates - Infrastructure**

- ❑ New MOSWIN sites at Langdon, Rosendale, Conway, Kennett and Lampe are in place and operating on backup connectivity awaiting primary circuit installation
- ❑ New MOSWIN sites at Trail of Tears, Fayette, Valles Mines, Bowling Green and Warrensburg are starting construction in July.
- ❑ New MOSWIN sites at Salem, Wilson Bend, Lathrop and Versailles are scheduled
- ❑ Jasper County 9-1-1 project is adding a simulcast cell to MOSWIN
- ❑ Christian County project is adding a simulcast cell to MOSWIN
- ❑ DPS is adding a simulcast cell to MOSWIN in the Capital City
- ❑ AT&T is augmenting FirstNet coverage in the Capital City
- ❑ DPS creating a new ZONE 5 encompassing Regions A and H

Missouri Statewide Interoperability Network

❑ MOSWIN Updates – COMU Training Opportunities

- ❑ COML class July 24-27 in Park Hills hosted by St Francois County – **postponed due to scheduling issues** – tentatively rescheduled September 25-28
- ❑ COML class August 14-17 in Jefferson City hosted by Cole County Emergency Management Agency

Missouri Statewide Interoperability Network

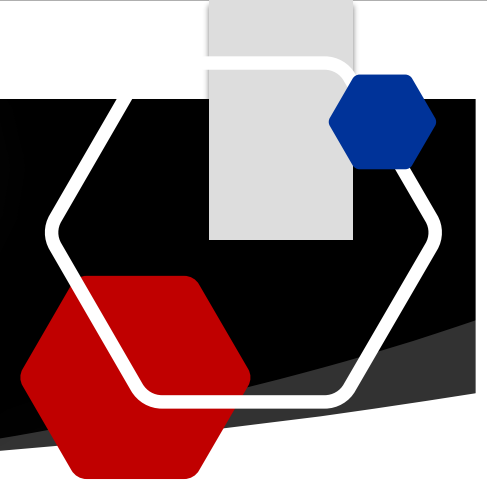

- ❑ **MOSWIN Updates – Priority Telecommunications Services**
 - ❑ GETS/WPS/TSP
 - ❑ For info contact - Dale Moushon area representative
 - ❑ dale.moushon@associates.cisa.dhs.gov
 - ❑ (202) 738-3678
 - ❑ To apply for an agency account and Point Of Contact
 - ❑ <https://www.cisa.gov/priority-telecommunications-services-enrollmentmanagement>.

Missouri Statewide Interoperability Network Update **July, 2023**

MOSWIN System Activities

- New MOSWIN sites in progress at: Langdon, Rosendale, Conway, Kennett, Lampe
- New MOSWIN sites starting progress for Trail of Tears (North Cape Girardeau County), Fayette, Valles Mines, Bowling Green, Salem, Wilson Bend, Lathrop, Versailles, Warrensburg
- Jasper County 911 is planning a simulcast addition to MOSWIN
- Christian County is planning a simulcast addition to MOSWIN
- Johnson County is planning a simulcast addition to MARRS
- MO DPS is starting a simulcast addition in the Capital City (ARPA)
- AT&T is augmenting FirstNet coverage in the Capital City (ARPA)

Statewide Interoperability Coordinator (SWIC) Activities

- Communications planning support for planned events and emergencies. If your agency or region needs communications support for any planned event included the MIC ASAP in advance. moswin.sysadmin@dps.mo.gov
- COMU Process
 - The state of Missouri has developed a COMU certification process
 - Recently approved and announced at next SIEC meeting
- Recent Training opportunities, Kansas City, MO:
 - Communications Unit Leader January 23-26, February 6-9
 - Incident Tactical Dispatcher January 23-26
 - Incident Communication Center Manager February 13-15
- Upcoming Training opportunity, Kansas City, MO:
 - Communications Technician April 24-28
 - For more info contact Nikki Thomas at Mid-America Regional Council, nthomas@marc.org
- Upcoming training opportunities, Park Hills, MO
 - Communications Technician May 15-19
 - Communications Unit Leader July 24-27
 - Incident Tactical Dispatcher June 19-22
 - For more information contact Gary Fryman at St. Francois County 911, gfryman@sfc911.net
- MOSWIN user group session 8:30 AM March 21 at the Missouri Public Safety Communications Conference - Presentation and Q&A/breakout time
- SIEC Meeting 9:30 AM March 22 at the Missouri Public Safety Communications Conference

Priority Telecommunications Service (PTS) awareness – GETS/WPS/TSP

- GETS - Government Emergency Telecommunications Service - Wireline call priority
 - Free
- WPS - Wireless Priority Service – Cellular call Priority
 - Free
- TSP - Telecommunication Service Priority – Wireline restoration priority
 - Small fee (about \$5 on phone bill) per circuit covered
- For more information contact:
 - Dale Moushon
 - Priority Telecommunications Service Area Representative
 - Dale.moushon@associates.cisa.dhs.gov
 - (202) 738-3678
- For DHS Priority Telecommunications Service Center:

REGION D – 2023 3rd QUARTER UPDATE

SEMA ACTIVATION STATUS

[SEMA Daily Brief | SEMA \(mo.gov\)](#)

[FEMA Daily Brief](#)

Upcoming SMESO Meeting: www.smeso.org

The next SMESO (Southwest MO Emergency Support Organization) and Region D meeting will be held on July 12th, 2023

Location: Smith’s Restaurant
1340 State Hwy U
Bolivar, MO 65613

Time: 10:00am

Region D Regional Homeland Security Oversight Committee (RHSOC):

The next quarterly RHSOC meeting is scheduled for Wednesday, **JULY 19th, 2023**. If you have any question about the meeting please contact Thomas Cunningham at TCunningham@MissouriState.edu.

UPDATED - 2023 Region D MOSWIN Radio Monthly Call Test Dates:

(All calls are at 9am unless noted)

Jan 26 th	July 27 th
Feb 23 rd	Aug 24 th
March 23 rd	Sept 28 th
April 27 th	Oct 26 th
May 25 th	Nov 16 th – 10am
June 22 nd	Dec 21 st – 10am

I want to encourage everyone to participate in the Monthly calls. Monthly Calls are on **Channel Region D IO - 4.**

SEMA Personnel Changes: <https://sema.dps.mo.gov/about/employment.php>

Ms. Julianna Pritchett will serve as an Advanced Emergency Management Officer in Public Assistance.

Mr. Jacob Wornson will serve as a Floodplain Mapping Technical Assistant.

Mr. Corey Collett will serve as a Senior Program Specialist in Planning and Preparedness.

Upcoming STEMS Training Courses in Region D: (to date)

Jul 18 - 19, 2023	MGT473	Organizational Cybersecurity Information Sharing	Joplin, MO
		Need Help Filling this Class Please	CANCELLED
Jul 24 - 28, 2023	L967	NIMS ICS All-Hazards Logistics Section Chief (LSC) Course	Springfield, MO

Region D Area LEPC/LEPD/EM Scheduled Meetings

July 6th – McDonald County
July 10th – Webster County
July 13th – Southwestern Region D LEPD (Dade, Jasper, Lawrence)
July 17th – Region D Tri-Lakes LEPD (Cedar, Hickory, St. Clair)
July 18th – Newton County
July 24th – Stone County
Aug 1st – Christian County
Aug 10th – Barton County
Aug 16th – Vernon County
Aug 17th – Taney County
Aug 17th – Greene County

Please contact Chris Gaut if you need meeting times and location details.

Missouri Governor — Michael L. Parson

Office of Communications

FOR IMMEDIATE RELEASE

June 13, 2023

Governor Parson Announces Emergency Water and Hay Access for Farmers

(JEFFERSON CITY, MO) – Today, in response to worsening drought conditions throughout the state and upon the advice of the Missouri Drought Assessment Committee, Governor Mike Parson announced the availability and process for Missouri family farms to obtain emergency hay and water:

- **Boat ramps at 25 Missouri state parks will be open for farmers to collect water with almost 700 acres available for haying at 17 state parks.**
- **Boat ramps at 36 Missouri Department of Conservation (MDC) areas are also now open for water collection.**
- **The Missouri Department of Transportation (MoDOT) is offering special overwidth hauling permits at no charge to help farmers and ranchers move hay.**

“As drought conditions continue to deteriorate across Missouri, we want to do all we can to help our family farms mitigate the devastating effects of severe drought,” **Governor Parson** said. “With the current water deficit, we know it will take a lot of rain for our state and its agricultural community to recover from the drought. While our prayers for rain continue, state government will do its part to assist wherever and whenever it can.”

Water may be accessed from state park and MDC boat launches and water access points during normal operational hours. Contacting [MDC area managers](#) prior to collecting water from conservation areas is required. Water is available for livestock needs only and not for resale. Farmers will need to provide their own pumping and hauling equipment. **Contact information and a map displaying locations to pump water from state boat ramps is available at dnr.mo.gov/drought.**

Missouri state parks with haying opportunities are available to view online at mostateparks.com/drought. Anyone interested in obtaining hay from these locations can contact the park superintendent to view the designated area. The first person who views the area and wants the hay will be issued a license to cut the hay at no cost. Guidelines and boundaries for cutting the hay on state park property will be provided at that time. Signing a license is required before haying can begin. Missouri State Parks will allow haying on or after June 25, and hay must be removed before Sept. 25.

In addition to the contracts already in place on some conservation areas across Missouri, other opportunities to cut hay on conservation areas might be available to assist farmers in need of hay to harvest. Anyone wanting to inquire about cutting hay on conservation areas should contact their local MDC regional office. Details for each of these regional offices can be found on MDC's website at mdc.mo.gov/contact-engage/regional-mdc-offices.

Special hay hauling permits can be requested through the MoDOT Carrier Express online service, located at www.modot.org/mce. MoDOT permits cover movement within Missouri only and are required for each truck. Questions may be directed to MoDOT's Motor Carrier Services office at 1-800-877-8499.

“These drought relief opportunities for Missouri landowners are proactive measures to help our state prepare for and respond to the effects of drought,” **Dru Buntin, director of the Missouri Department of Natural Resources** said. “We will continue to monitor environmental impacts to public water supplies and plan for various drought scenarios to ensure we are prepared as conditions change.”

On May 31, Governor Parson issued [Executive Order 23-05](#), declaring a drought alert for 60 Missouri counties. Continuing hot, dry weather means drought conditions are expected to further degrade heading into summer. Other counties will be added to the alert and be eligible for assistance as they reach established drought thresholds.

Residents are encouraged to assist local, state, and national decision makers better understand drought conditions in their area by submitting a survey form via the Condition Monitoring Observer Reports (CMOR) service linked via dnr.mo.gov/drought.

The Missouri Department of Conservation also warns of the increased risk for wildfires that drought conditions can cause. For more information on how best to prevent wildfires, visit MDC's wildfire prevention website: <https://mdc.mo.gov/your-property/fire-management/wildfire-prevention>.

More information about drought conditions, agricultural resources, and drinking water assistance is available at dnr.mo.gov/drought.

MISSOURI DISASTER ASSISTANCE GRANT (MDAG)

PROGRAM SUMMARY

Applications Due: 30 days from date of incident

Eligible Applicants: Political Subdivisions (city or county)

Application Process: SEMA is making the Missouri Disaster Assistance Grant (MDAG) application opportunity available through WebGrants, an on-line internet portal for electronic grants management. First-time users will need to register their organization and get approval from SEMA prior to beginning the application process. Registration approval within WebGrants is not automatic and is subject to review and must be approved by a SEMA authorized user. The WebGrants portal is open for registration at <https://dpsgrants.dps.mo.gov>.

The MDAG is a reimbursement grant: Any approved expenditures must be made within the contract period. Subrecipients must incur an allowable expense, make payment, and seek reimbursement within 90 days of the completion of the scope of work. Reimbursement requests beyond 90 days will not be reimbursed unless granted of an extension by a SEMA Authorized Representative. Extension requests must be submitted in writing to the SEMA Grant Specialist by 15 days prior to the deadline.

Cost Share and Match: 50%/50% (State and Local) – 50% State cost share of up to \$200,000.00. Only hard match will be accepted for this grant program.

This funding is specifically for non-federally declared Stafford Act events that do not meet state or county thresholds for federal assistance.

Not Allowable Costs:

- Indirect Costs
- Management and Administration (M&A)
- Removal of debris/materials related to construction, repair, or renovation of either residential or commercial structures is ineligible as it pertains to private or commercially owned property.
- SEMA does not fund removal of broken limbs or branches located on trails, sidewalks, playgrounds, parks or private property. Only the minimum cut necessary to remove the hazard is eligible.

Allowable Costs:

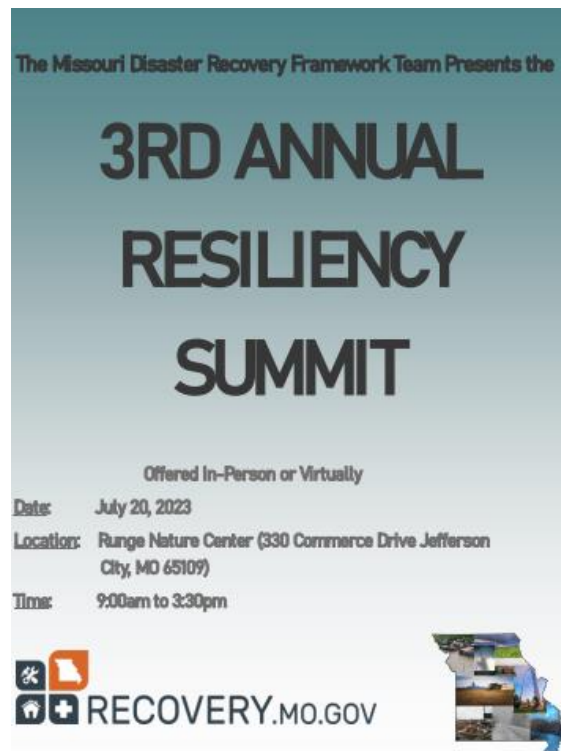

- **Debris removal activities:** such as clearance, removal, and disposal includes vegetative debris, construction and demolition debris, sand, mud, silt, gravel, rocks, boulders, white good, and vehicle and vessel wreckage as it pertains to public roadways and/or right of ways if threat to public safety.
- **Hazardous Limbs, Trees, and Stumps:** Eligible vegetative debris may include tree limbs, branches, stumps, or trees that are still in place, but damaged to the extent they pose an immediate threat (these items are ineligible if the hazard existed prior to the incident, or if the item does not extend over the public roadway posing an immediate threat).
- **Tree Removal:** is allowable only if the tree has a diameter or 6 inches or greater measured 4.5 feet above ground level and the tree has:

1.) A split trunk

2.) A broken canopy or

3.) Is leaning at an angle greater than 30 degrees that will directly impact a public roadway should it break or fall. Grinding any residual stump after cutting tree or complete stump removal is ineligible.

- **Privately Owned Vehicles and Vessels on Public Roadways:** Removal of privately-owned vehicles and vessels from public roadways is eligible if all the following conditions are met:
 - The vehicle or vessel blocks access to the public roadway;
 - The vehicle or vessel is abandoned;
 - The Applicant follows applicable state and local government ordinances or laws for private vehicle or vessel removal; and
 - The Applicant documents the handling of the vehicle or vessel.
 - The Applicant needs to retain documentation to support it met these criteria.
- **Disposal:** To minimize the use of landfill space, SEMA encourages the Applicant to reduce the volume of vegetative debris before burying. Costs to reduce vegetative debris using methods such as mulching, grinding, or burning are eligible.

We are excited to invite you to attend the 3rd Annual Disaster Resiliency Summit hosted by the Missouri Disaster Recovery Framework Team! This year, attendees will have the option to attend in-person or virtually. The summit will be held on July 20, 2023 at the Runge Nature Center in Jefferson City, MO. **To attend, please register by clicking [here](#) and filling out the form.** If you register to attend virtually, you will receive the links closer to the date of the summit.

This summit is free to attend and has a wide range of topics for attendees with various backgrounds. The agenda for the day is attached to this email. We look forward to seeing you there or online!

[SEMA CONFERENCE LINK](#)

The State Emergency Management Agency will be hosting the 32nd Annual Missouri State Emergency Management Conference, sponsored by the Missouri State Troopers Association. The Conference is designed for all individuals with a responsibility in Emergency Management and an interest in any area of Emergency Preparedness, Response and Recovery. We hope to see you August 22 - 25!

Please note that at this time, an agenda has not been determined. As soon as one is available, we will update the registration page and will send it to all who have previously registered.

- Earlybird Conference Registration - \$280

Early bird prices are good until Saturday, April 15, 2023

- Conference Registration - \$330

Conference registration prices are good from Saturday, April 15 - Tuesday, July 18, 2023

- LATE Registration - \$380

Late registration prices are effective from Tuesday, July 18, 2023 until Conference

*Early bird registration prices are good until **Saturday, April 15, 2023**. Payment must be postmarked by Saturday, April 15 in order to qualify for earlybird pricing. All unpaid invoices will be increased by \$50 per person after such time.*

*Registration prices are good until **Tuesday, July 18, 2023**. Payment must be postmarked by this deadline in order to qualify for this pricing. All unpaid invoices will be increased by \$50 per person after such time.*

Reservations for accommodations must be made directly with [Holiday Inn Executive Center](#) at 573-445-8531. Please let them know that you're registered to attend the Emergency Management Conference to receive our special discounted rate. Or you can book online by using the link found here: [Missouri Emergency Management Conference](#).

Interested in an exhibitor sponsorship opportunity? Check out the details [HERE!](#)

<https://www.iaem.org/Region7Conference2023>

The Conference Committee is excited to announce the opening of registration for the 2023 IAEM Region 7 Symposium. The committee is working hard to provide a valuable, insightful, and collaborative approach to this year's Symposium. We are excited once again to be returning to Johnson County Community College - Overland Park, KS - July 19-20, 2023. This venue serves as a great "central" location for Region 7 (KS, MO, IA, NE) members. Additionally, the committee is adding a pre-symposium networking event and CEM exam delivery the afternoon/evening prior to the symposium date.

Please join us for an incredible opportunity to re-connect and share in our successes.

New Learning Management System (LMS) Coming Soon!

EMI will be rolling out a new Learning Management System (LMS) soon!

Learn more about the change and prepare your account for the transition: <https://training.fema.gov/news/>

- **Summer2023**

Currently, the rollout of our new Learning Management System (LMS) is scheduled for late **Summer, 2023**

Exact dates have not been determined, and plenty of **notice will be given** once they have been set.

Please check back regularly for updates, and be sure to sign up for [Email Updates](#) to receive the latest announcements.

There is Still Time to Prepare

It is extremely important to complete the following steps to ensure your student information is accurate. Completing this action will help ensure a successful migration of your student data

1. Verify Your FEMA SID Information

Sign in to your FEMA SID account at:

- [FEMA Student Identification \(SID\) System](#)
- Click **Edit Profile**, and verify the accuracy of your account information (email address, personal info., etc.)
- There are Self-help actions and FAQs available to assist you on the FEMA SID site

2. Get a Copy of Your Transcript

Request a copy of your Student Transcript (**Independent Study only**)

- Sign in to the Student Portal and request you transcript:
- [Emergency Management Institute Student Portal](#)

3. Verify your Transcript

- Review your transcript for accuracy
- Make inquiries for any corrections with the [Independent Study Program](#) before the new system goes live

EMERGENCY MANAGEMENT PERFORMANCE GRANTS:

EMPG Tutorial – [How to Submit a Claim](#)

EMPG Tutorial – [How to Submit a Status Report](#)

More info is available at: <https://sema.dps.mo.gov/programs/empg.php>

Amy Lepper, EMPG Program Manager - Amy.Lepper@sema.dps.mo.gov

Krystal Barnes, Grant Specialist - Krystal.Barnes@sema.dps.mo.gov

SEMA Floodplain - Check out the new [After the Flood Quick Guide!](#)

Missouri Disaster Assistance Team-1 & Missouri Mortuary Response Team-1

We are always looking for volunteers throughout the state of Missouri. For more information about how you can get involved and join the team, please contact:

[Kevin Tweedy](#), Team Commander - (417) 353-0501

[Nick McClelland](#), Deputy Commander - (573) 533-8125

[Gary Christmann](#), Deputy Commander - (314) 399-1662

To be considered for employment opportunities, please submit resume to: apply@mo1dmat.com.

Healthcare Coalition

Region D is part of the Nonurban Healthcare Coalition Southwest Region. The Southwest Region is broken down into (3) Districts; Central, East, and West.

- HCC [Member Agreement](#). Even if they are actively involved, we are asking everyone to complete the agreement. This ensures we have accurate contact information

G428 – Community Emergency Response Team Train the Trainer (CERT TtT)

DATE: July 25 - 27, 2023

TIME: 8:00 AM – 5:00

PM SPONSOR:

MO SEMA

TARGET AUDIENCE:

Emergency Management

LOCATION:

Boone County Office of Emergency Management

2145 County Dr.

Columbia, MO 65202

PREREQUISITES:

1. A referral from a CERT-sponsoring agency, typically a local, regional, or state government agency.
 - 1a. If the CERT TtT course is sponsored by a state CERT coordinating agency, must have approval from that agency as well.
2. If you are not a first responder, G317 CERT Basic Training (20 hr course) is required.
3. For current first responders, G317 or IS317 Introduction to CERT is required.

COURSE DESCRIPTION:

This course prepares participants to deliver FEMA's Community Emergency Response Team (CERT) Basic Training course. This Train-theTrainer course focuses on preparing instructors to: Deliver CERT Basic Training; Convey the messages and intent of the CERT program (e.g., safety, teamwork, place in overall community Emergency Operations Plan); Assure that participants achieve the objectives of CERT Basic Training; and, Create a comfortable yet managed learning environment.

Course topics include:

- CERT history, program purpose, and values. - Materials and requirements for the CERT Basic Training course.
- Roles of the CERT instructor. -Effective presentation of CERT Basic Training content.
- Effective coaching and demonstration of skills in the classroom.
- Practices to maximize learning. -Effective evaluation of CERT training participants.

Enroll online at: <https://sematraining.com/courses/533/offerings/8631>

Below are upcoming courses being offered by the State Emergency Management Agency (SEMA) along with their registration status.

This section contains courses that have a target audience that includes Emergency Management, Volunteer Organization and Government Administration professionals.

- Jul 11-12: [L1301 Continuity Planning](#) Reg. I-Waynesville (17 Open Seats)
- Jul 24-25: [G288 Local Volunteer and Donations Management \(APS Elective Course\)](#) Reg. A-Liberty (20 Open Seats)
IN DANGER OF BEING CANCELLED
- Jul 24-28: [L967: NIMS ICS All-Hazards Logistics Section Chief \(LSC\) Course](#) Reg. D-Springfield (1 Open Seat)
- Jul 25-26: [ICS400 Advanced Incident Command System](#) Reg. I-Rolla (6 Open Seats)
- Jul 25-27: [G428 Community Response Team Train the Trainer \(CERT TtT\)](#) Reg. F-Columbia (17 Open Seats)
- Aug 2-3: [MGT489 Managing Public, Private & NGO Partnerships to Prepare for and Solve Critical Logistics and Supply Chain Challenges During Large Scale Disasters](#) Reg. A-Blue Springs (23 Open Seats) **NEW CLASS-FIRST TIME OFFERED IN MISSOURI**
- Aug 16-18: [G2300 Intermediate Emergency Operations Center Functions](#) Reg. F-Columbia (15 Open Seats)
- Aug 23: [G191 ICS/EOC Interface Workshop \(APS Required Course\)](#) – Reg. C-Perryville (11 Open Seats)
- Aug 29-30: [L1302 Continuity of Operations Program Management](#) Reg. I-Lebanon (25 Open Seats)
- Aug 30-31: [MGT341: Disaster Preparedness for Hospitals and Healthcare Organizations within the Community Infrastructure](#) Reg. D Joplin (6 Open Seats)
- Sep 5-6: [AWR167: Sport Event Risk Management](#) Reg. F-Columbia (26 Open Seats)
- Sep 12: [AWR213: Critical Infrastructure Security and Resilience Awareness](#) Reg. D-Springfield (19 Open Seats)
- Sep 12-14: [G300: ICS300 Intermediate Incident Command System](#) Reg. H-Maryville (15 Open Seats)
- Sep 13-14: [MGT310: Threat & Hazard Identification and Risk Assessment and Stakeholder Preparedness Review](#) Reg. D-Springfield (25 Open Seats)
- Sep 19-20: [MGT345: Disaster Management for Electric Power Systems](#) Reg. I-Lebanon (19 Open Seats)
- Sep 19-22: [G2302: Emergency Operations Center \(EOC\) Leaders Skillset Course](#) Reg. F-Jefferson City (21 Open Seats)
FIRST TIME OFFERED IN MISSOURI
- Sep 21: [MGT403: Underserved Populations Preparedness Planning for Rural Responders and Volunteers](#) Reg. H-Gallatin (29 Open Seats)

ADVANCED PROFESSIONAL SERIES COURSES – The following courses are identified as required or elective courses for the Advanced Professional Series (APS).

- Aug 23: [G191 ICS/EOC Interface Workshop \(APS Required Course\)](#) – Reg. C-Perryville (11 Open Seats)
- Oct 24-25: [G272 Warning Coordination \(APS Elective Course\)](#) – Reg. A-Marshall (5 Open Seats)
- Oct 17-19: [L0146 Homeland Security Exercise and Evaluation Program \(HSEEP\) Training Course \(APS Elective Course\)](#) – Reg. D Springfield (8 Open Seats)

[INFRASTRUCTURE PROTECTION CERTIFICATE PROGRAM](#) - The Infrastructure Protection Certificate Program will enrich your knowledge of and skills in critical infrastructure security and resilience.

- Sep 12: [AWR213: Critical Infrastructure Security and Resilience](#) Reg. D Springfield (**19 Open Seats**)
- Sep 13 – 14: [MGT310: Threat & Hazard Identification and Risk Assessment and Stakeholder Preparedness Review](#) Reg. D Springfield (**25 Open Seats**)
- Oct 10 – 11: [MGT315 Critical Asset Risk Management](#) Reg. C-Warrenton (**20 Open Seats**)
- Oct 12: [MGT414 Critical Infrastructure Resilience and Community Lifelines](#) Reg. C-Warrenton (**21 Open Seats**)

[INFRASTRUCTURE DISASTER MANAGEMENT CERTIFICATE PROGRAM](#) - The TEEX Infrastructure Disaster Management certificate is designed for professionals who wish to enrich their personal knowledge and skills related to critical infrastructure disaster management and resilience.

- Aug 30-31: [MGT341: Disaster Preparedness for Hospitals and Healthcare Organizations within the Community Infrastructure](#) Reg. D Joplin (**6 Open Seats**)
- Sep 19-20: [MGT345: Disaster Management for Electric Power Systems](#) Reg. I Lebanon (**19 Open Seats**)

[COMMUNITY DISASTER PREPAREDNESS FOR HEALTHCARE CERTIFICATE PROGRAM](#) - Participants completing all four Community Disaster Preparedness for Healthcare courses are eligible to apply for the Community Disaster Preparedness for Healthcare Certificate. Recipients will receive a 10x13 certificate of Professional Recognition suitable for framing.

- Oct 25-26: [MGT439 Pediatric Disaster Response and Emergency Preparedness](#) Reg. C-Warrenton (**25 Open Seats**)
- Oct 2-3: [PER211 Medical Management of Chemical, Biological, Radiological, Nuclear, and Explosive \(CBRNE\) Events](#) Reg. A-Blue Springs (**10 Open Seats**)

Courses offered by SEMA are free, but require registration in the [SEMA Training and Exercise Management System \(STEMS\)](#) using a FEMA Student ID number. Participants must be U.S. citizens. Courses labeled as “Open to Public”, are more than 6 hours in length, and 75 miles or more from your domicile are eligible for lodging.

Please click on any of the links above for more information or contact SEMA Training and Exercise by email: SEMATraining-Exercise@sema.dps.mo.gov or by phone 573-526-9016.

SEMA Quarterly Regional Meeting Missouri Department of Agriculture Update

Foreign Animal Disease (FAD) Preparedness and Response: African Swine Fever virus, Foot & Mouth Disease virus and High Pathogenic Avian Influenza virus are three major viruses circulating in the world that could devastate the Missouri poultry and livestock industries. MDA is continuing to work with stakeholders to develop biosecurity plans, premises registrations and Secure Food Supply plans (Secure Beef, Secure Pork, Secure Poultry, Secure Milk, and Secure Sheep and Wool) that will help keep continuity of business in the event of a disease outbreak. MDA staff members are participating in national and regional FAD exercises, allowing existing emergency plans to be updated to meet current policies and protocols.

High Pathogenic Avian Influenza (HPAI) in Missouri 2022-2023 Updates:

Spring 2022 HPAI was detected in 6 commercial poultry farms and 3 Backyard Flocks (BYF) non-poultry with mixed species of poultry and waterfowl. All 9 of these premises have completed virus elimination and have been released from quarantine.

Fall 2022 HPAI was detected in 2 commercial poultry farms, 5 Backyard Flocks (BYF) non-poultry with mixed species of poultry and waterfowl and 1 BYF poultry with egg laying chickens. The 2 commercial and 1 BYF non poultry have completed virus elimination and have been released from quarantine. The remaining 4 BYF's non poultry and 1 BYF poultry are finishing their 120 day fallow period (virus elimination) and are scheduled to be released from quarantine in March and April 2023.

Winter 2023 HPAI was detected in 3 BYF's non-poultry with poultry or mixed species of poultry and waterfowl. These 3 BYF's are following a 120 day fallow period (virus elimination) and are scheduled to be released from quarantine in May, June and July 2023.

Spring 2023 HPAI was detected in 3 BYF's non-poultry with poultry or mixed species of poultry and waterfowl. This BYF is following a 120 day fallow period and is scheduled to be released from quarantine in mid-September 2023.

BYF non-poultry = no poultry or poultry products (eggs) were sold off the farm. No Control Area is required.

BYF poultry = poultry or poultry products (eggs) were sold off the farm. A Control Area is established requiring permitted movement in and out of the Control Area.

These infections of HPAI resulted in the death or depopulation of 449,426 commercial poultry and 10,158 backyard poultry and domestic waterfowl in Missouri. International trade was

impacted for more than six months in 2022 due to HPAI detections in commercial poultry resulting in some countries banning poultry products from Missouri.

For more information on HPAI in Missouri go to agriculture.mo.gov/avian-influenza.

African Swine Fever (ASF) was detected for the first time in more than 40 years in the western hemisphere. ASF was confirmed in the Dominican Republic (DR) on July 28, 2021 in several backyard swine herds and on Sept. 20, 2021 in Haiti in several backyard swine herds. USDA APHIS continues to have increased measures to keep ASF out of the US Territories (Puerto Rico (PR) & US Virgin Islands, along with the Continental United States. These measures include: Enhanced Surveillance Programs, Euthanizing Feral Swine, Inspection of vessels and landing locations including illegal boat landings (majority of landings in PR are from DR), Inspections of Garbage Feeders, Beagle Brigade-The Custom & Border Protection performing inspections of passengers and luggage arriving from ASF positive countries, and Awareness Programs, Outreach, & Education.

Drought 2023: Currently, more than 93% of Missouri is experiencing some level of drought, with 15% of the state experiencing extreme drought. MDA continues to work with other Missouri State agencies, federal agencies, grain associations and livestock associations to monitor and mitigate drought conditions throughout Missouri. MDA is recommending land owners use the Condition Monitoring Observer Reports (CMOR) system to report drought related conditions and impacts of their property along with pictures to the National Drought Mitigation Center, based at the University of Nebraska-Lincoln at <https://bit.ly/3aKBem>. For more details about drought intensities visit U.S. Drought Monitor – Missouri or MO DNR Drought website at <https://bit.ly/3uWu5Gc>.

Highly Pathogenic Avian Influenza (HPAI)

Detections in the United States (figures as of 06/27/2023)

- 47 Affected States
 - 0 states have had at least one confirmed flock in the last 30 days.
- 836 Confirmed Premises
 - 325 Commercial Flocks
 - 511 Backyard Flocks
- 58.79 million birds affected.
 - Iowa has had the most birds affected.
 - Minnesota leads with the number of flocks affected.
 - Missouri had the last confirmed positive on 5/18/23. It was a backyard non-poultry premises.
- Avian Influenza Website:
<https://www.aphis.usda.gov/aphis/ourfocus/animalhealth/animal-disease-information/avian/avian-influenza/ai>

African Swine Fever (ASF) in Caribbeans

- Dominican Republic (DR) and Haiti – Confirmed positive in 2021
- United States continues to have increased measures to keep ASF out of the US Territories (Puerto Rico (PR) & US Virgin Islands, along with the Continental United States
 - Enhanced Surveillance Programs
 - Euthanizing Feral Swine
 - Inspection of vessels & landing location including illegal boat landings
 - Majority of landings in PR are from DR
 - Inspections of Garbage Feeders
 - Beagle Brigade-The Customs & Border Protection (CBP)
 - Awareness programs, outreach, & education
 - Biocontainment in the DR and Haiti
 - Laboratory Diagnostics

USA should focus on these key areas for both HPAI and ASF

- Biosecurity
- Outreach
- Education

Do you or someone you know need to develop a biosecurity plan or register for a Premises Identification Number?
